

THIS WEEK WE ARE HAVING A FRIDAY & SATURDAY SALE

ODD CHANGE
GIVEN IN
NEW
"KING GEORGE"
COIN

So many After-Stocktaking Bargains, so much Seasonable Stock to be cleared, and the Arrival of Huge Shipments of New Importations bought by our Mr. Ludwig at a sacrifice—also to be cleared at a Special Sale—has compelled us to utilize Friday as well as Saturday this week as Bargain Days.

WE GIVE
ODD CHANGE IN
NEW
"KING GEORGE"
COIN

Very few Summer Needs that cannot be filled from this sale with the generous economies it offers, for never was a sale more helpful in its values, in its merchandise, and its quick, alert service and attention.

A Radical Lowering of All Prices in the Dress Goods Dept. for Friday & Sat'd'y

In order to effect a final clearance of all odd and broken lines before the arrival of new Fall goods prices are effectively reduced.

DRESS GOODS, HALF PRICE—Two counters heaped with lustre, crepe, worsteds, tweeds, mohairs and silklins. All shades represented in the range. Among the tweeds is a number of pieces of mannish effects in good stylish patterns that will be popular for fall wear.

FINAL CLEARANCE—HALF PRICE
\$1.25 DRESS GOODS—An early opportunity to secure a Fall suit or dress. Our range of 125 materials embraces all cloths and colors. You will find what you want in this range at cost price and half price.
REG. \$1.25 FRIDAY & SATURDAY 75c

50c TAMOLINE SILK, 35c—Not a job line of Tamoline but our regular 50c selling silk. Short lengths only and not all shades. Many good waist lengths.
REG. 50c FRIDAY & SATURDAY 35c

REMANANTS of dress goods, silks, velvets—about 250 in the lot (First Floor) HALF PRICE

STRAW HATS AT COST

"PERFECTION" OIL STOVES

Perfection Oil stoves are the best on the market, the standard of excellence, by which all others are judged. There are good reasons why they command such a ready sale, namely:

1. MOST HEAT FOR THE OIL CONSUMED.
2. EASY TO OPERATE.
3. STRONG AND DURABLE, MADE TO LAST.

For Friday & Saturday Only We Quote the Following Special Prices:—

No. 1 Burner Perfection Oil Stove. Regular \$6.00, sale price \$2.25
No. 2 Burner Perfection Oil Stove. Reg. \$9.00, for... \$7.50
No. 3 Burner Perfection Oil Stove. Reg. \$12.00, for... \$10.50

No. 2, high shelf. Reg. \$6.00, for... \$5.00

FRIDAY AND SATURDAY ONLY
(In Basement—Take Elevator.)

Semi-Annual SALE of New York Goods

\$35 and \$45 Coats and Suits for \$14.95 \$17.95 and \$22.50

We have just received from New York a special line of coats, suits and dresses bought by our Mr. Ludwig from an overstocked manufacturer. Goods far exceed our expectations. They have the style, fit and finish that characterizes all goods in our high-class Ready-to-Wear Department.

COATS AND SUITS are made from best imported French serges and lined in warranted Skinners Satin. The women who have been fortunate enough to procure one of our coats or suits in the past have been and are considered "well dressed" women.

(First Floor)

WE HAVE THE POLO COAT F. R. AUTO AND DRIVING, the ever popular tailored coat, and the tailored suit trimmed with braid and fancy shawl or sailor collar. All up-to-date and reliable. The same line of goods has brought \$35.00 and \$45.00 but buying them as we did enables us to sell them in this sale at \$14.95, \$17.95 and \$22.50.

Other Sales

Following this Coat and Suit Sale will be a Wash Goods Sale of Linen, Gingham and Muslin Dresses, separate skirts and coat suits, all at bargain prices. Also a silk dress sale, details of which will appear in succeeding advertisements.

ALL JUST RECEIVED OR ARRIVING DAILY FROM NEW YORK

Specials From Candy Dept.

A low price does not mean low quality at the Acme Co. A trial will prove our statement.

COLONIAL PREMIERS AT THE IMPERIAL CONFERENCE—Here take before the National Club. The figures are standing (left) Sir Edward Morris, Newfoundland; Sir (right) General Borden, United States; (seated left to right) Sir Joseph Ward, New Zealand; Sir Wilfrid Laurier, Canada; Premier Asquith, Great Britain; Premier Fisher, Australia.

AMALGAMATION COMMITTEES NEARLY REACHED A DEADLOCK

Ex-Mayor Duggan, of Strathcona Committee, insists that All Interurban Cases Be Brought to the Corner of White Avenue and Main Street—Edmonton Representatives Protest Vehemently Against This Demand, Which They Claim Is Unreasonable.

With a record for mutual concession behind them the amalgamation committees of Edmonton and Strathcona locked horns last evening over the proposed union of all Strathcona lines to the intersection of White Avenue and Main street, a minority of the Strathcona representatives, led by ex-Mayor J. J. Duggan, who has been an active opponent of amalgamation from the first, insisting on the inclusion in the agreement of a clause providing that all cars running over the river should be operated as far as the corner of White Avenue and Main street, while the Edmonton members are strongly opposed to accepting the future of the Strathcona railways at the expense of any part of the city, even in the cause of amalgamation.

Mayor Armstrong, who throughout the negotiations has waived the right to such an extension, did not care what happened to amalgamation.

An Unsafe Attitude.

"Your attitude," said A. C. Fraser, chairman, addressing Mr. Duggan, who was seated out front of the remarks of the Edmonton members, "is unsafe and imprudent. We have extended you miles of extensions, and now this clause is insisted upon. Speaking personally, I may say that I would not agree to such a clause, even. If amalgamation, fell that."

In the Strathcona camp there was a difference of opinion, the "safety" party, represented by Mr. Duggan, the more moderate party by Mayor Duggan, who was satisfied to take the assurance offered by Edmonton, that "if practicable, all cars operating on the south side of the river should run to the corner of White and Main." Notwithstanding the events of last evening, the Strathcona committee was attempting to cut off the business from the south side of the city, and for these reasons such very well run loop lines into Strathcona, which would direct traffic to the business portion of the present city and connect directly with Jasper Avenue.

Got More Than Share.

Mr. Duggan admitted, in answer to a question of Mr. Fraser, that Strathcona had received more than her share of extensions, but he claimed that the question under discussion was more vital than extensions, as with it was bound up the whole business future of Strathcona. As he maintained his opposition to any modification of the clause which fixed this matter for all time to come, it was suggested that the two committees should separate to allow of some sort of a common understanding of the members of the committee. In view of the urgency of the matter and the fact that the decision was to be made on the spot, the matter was decided to continue the meeting until some definite ground was reached. The Strathcona committee (few excepted) were withdrawn and passed the sidewalk safely waiting for some decision to be arrived at. In the meantime, the Strathcona committee decided to modify their former request by the words "as far as practicable." Accordingly, the motion was made by Mr. Duggan that cars operating over the high level bridge should run as far as White Avenue and Main, and that other lines should reach that point "as far as practicable." In addition was not supported by any of the Edmonton committee, and the clause was only inserted in the agreement subject to the approval of the future committee.

Base of Representation.

Other matters taken up and finally decided included the basis of representation, the term of office of mayor and aldermen, the retention of the present boundaries, and the future of the Strathcona extension in the time limit for the construction of the east and extension from two to six years. As to the latter, the Strathcona committee decided to extend the time limit for the construction of the extension to six years. As to the former, the Strathcona committee decided to extend the time limit for the construction of the extension to six years. As to the latter, the Strathcona committee decided to extend the time limit for the construction of the extension to six years.

The following were present: Strathcona—Mayor Davies, Ald. Hunkin, Strathcona, Messrs. L. A. Hubert, T. A. Christie, John Walter, J. J. Duggan, Frank Robinson, Mayor Armstrong, Ald. McIntyre and Messrs. A. C. Fraser, W. M. Duggan.

The meeting lasted for four hours, breaking up a few minutes before midnight.

STRIKES A HIGH PATRIOTIC NOTE

Sir Wilfrid Urges Ottawa to Give Hearty Welcome to Connaught.

Ottawa, July 12.—Sir Wilfrid Laurier received a warm welcome home when he arrived from Windsor last evening accompanied by several of his ministers and members of parliament. The demonstration arrangements in his honor were organized by the Ottawa Citizens' Association, a Liberal representative of Ottawa and Liberal club; but the premier in a brief speech which he made declined to recognize as anything but a welcome home by his fellow citizens of Ottawa and carefully refrained from any discussion of political questions. He struck a new and appropriate note by making an appeal to the citizens of Ottawa to embrace the city before arrival in Canada of the Duke and Duchess of Connaught, and by demonstration of their loyalty to make happy while in Canada these worthy representatives of the royal family.

The proceedings were not drawn out, only one hour having elapsed between the time of the premier's arrival at the station and the conclusion of his speech in reply to the address of welcome presented on parliament hill. At Central station after greetings by more intimate friends an automobile and carriage procession accompanied by bands escorted Sir Wilfrid through several streets of the city and then to parliament hill where a platform had been erected. Cheering throngs lined the streets and on the hill from three thousand people gathered to hear Sir Wilfrid.

In the address read by Hal McGilver, M.P., on behalf of the Liberals of Ottawa, Sir Wilfrid was warmly welcomed to the Imperial Conference was approved. It was stated that the same and really imperial policy as such a policy "will permit the self-governing colonies to work out their own problems." Sir Wilfrid was also congratulated for having "shown the true line of reason when others were disposed to follow false lights." "Dignified and similar lines were read on behalf of the French-Canadian of Ottawa and Hull and the Premier was presented with a suitable bouquet by a little girl, a niece of Mr. Alard, M.P.

Rising to reply Sir Wilfrid said: "I am glad to be back in Ottawa, remarked that he did not propose to take politics. There would soon be plenty of opportunities for that. Nevertheless he was glad to know that the city had such an ad ad about met with the approval of his fellow citizens at the capital. It would be, he said, soon their duty to make ready to welcome in the capital the Duke of Connaught, and it was his desire as it was to do so the desire of everyone that the Duke's visit to the city should be a good one. When he was met at Montreal by Sir, Chas. Murphy, secretary of state, his first question was not the political conditions or the fate of the government, as to which he had no fear or doubt. He had insisted rather on the progress being made on the ground. Frank Pacific and the station drive way and other work and had been assured that good progress was being made. It was that much remained to be done. It was to me it was a great privilege to have a member of the royal family as a governor general of Canada."

A Band of Union.
The royal family was met only a band of union between various parts of the Empire but a band of union between different classes throughout the royal family. The present British subjects have every reason to be proud. Members of the royal family have found to the world an example of domestic virtues which is the foundation of the greatness and happiness of the British Empire. The Duke and Duchess and Princess Patricia had asked him what kind of a reception they would get in Ottawa, and he had told them that if the affection of a loyal people would make them happy they would be happy in Canada.

Sir Wilfrid then declared that he was glad to be back to Ottawa as a premier but as a citizen and a friend. He closed by repeating the assurance that if he ever came to the city he would be glad to be given the honor of making his home in the city. The premier was then escorted to his residence on Laurier Avenue. He immediately returned in a direction.

Some claim to be harvest hands who have been in harvest in Kansas and Nebraska, and finding no work of any kind in South Dakota have come on to North Dakota. The harvest here is abundant, and the men are without any present employment.

There are professional tramps. The officers of the city and military left by night to stop the train at the first railroad station north of Edmonton, but the train passed before the officers could get it.

WIDOW'S SON SHOT BY UNKNOWN BOY

Joseph Keating, Young Throat Laid, Shot Down As He Goes In to Put Away His Rifle.

New York, July 12.—While playing in a vacant lot near his home, 525 Fifth Avenue, the Bronx, last night, Joseph Keating, 11 years old, the only child of a widow whose husband died of pneumonia, was shot and killed by a boy about 12 years of age. The boy was seen by the police, and when escaped after the shooting. Shot through the left leg as he lay on the ground, the boy lay to get his rifle in the place. He had lost the lives of three other children, and he was now staggering to the door of his home, where he fell dead at his mother's feet.

A dozen boys who had been playing with Keating were sure Keating was unprovoked and intentional. They said they were playing with Keating near some rocks in the lot when two older boys appeared. One of them told the police the shooting was unprovoked and intentional. A few minutes later, the other dead boy was found. Keating's complaints said none of them had ever been either of the strangers before and that they are sure Keating knew neither of them.

When the older boys entered the lot the older drew a revolver and shot Keating in the leg. The boy who shot Keating and the others were playing. Keating asked to him to stop, telling him he was afraid some of the boys would be hit. At this point, the boy who shot Keating with the revolver was only a few feet from the other boys.

The other boys said that as soon as Keating asked the older boy to stop shooting the boy with the revolver pointed the weapon at him and pulled the trigger. The bullet struck Keating's left leg.

When the older boys saw Keating shot they ran and ran from the lot, pursued by Walter Gross, Harry Karp and others. The boys who had been playing with Keating, the older boys ran toward the street. The boy who shot Keating, the older boys ran toward the street. The boy who shot Keating, the older boys ran toward the street.

When the older boys saw Keating shot they ran and ran from the lot, pursued by Walter Gross, Harry Karp and others. The boys who had been playing with Keating, the older boys ran toward the street. The boy who shot Keating, the older boys ran toward the street.

THE ORANGEMEN PARADE IN HULL

The Mack Trucks Of Interference With the Procession of the Orange Trifling Incidents Only Occurred—Police Chief Said.

Ottawa, July 12.—Led by Chief of Police Chevalier about one thousand Orangemen from Pontiac and Wright counties, Montreal, Kingston, and Ottawa walked safely through the streets of Hull today. The celebration was held in honor of the centenary of the Orange Order. The Hull Lodge and was the first ever held in Hull. The celebration was determined to preserve order. He insisted regular members of the force and special constables to guard the processions and to keep the people on no account to interfere with the procession.

As a great majority of Hull's male population were at work the majority of the onlookers were women and children, and they for the most part viewed the procession with good natured interest. There was one little row between an Orangeman and French children who had been drinking and they were both promptly placed under arrest.

An excitable Orangeman pulled down a French child from the courtesy of the French children present prevented any counter demonstration in a general sense. When the parade arrived at the Hull Hotel, where the Orangemen were to have a banquet, the French children were seen to be cheering for Hull's chief of police.

Abandon Morning Issue.

Calgary, July 12.—After publishing a morning edition for a little over a month the Calgary News-Tribune this morning announced that it has decided to discontinue the morning issue.

TERRIBLE STORY OF FOREST FIRES

Three Towns in Northern Ontario Are Completely Wiped Out.

Toronto, July 12.—As the result of the forest fires that are sweeping unchecked through the forests of Ontario at least fifty lives are lost, many have been injured, hundreds are missing and it is feared scores of others will be included in the fatalities. Thirty lost their lives of these were killed by the flames of the forest fires, including Captain White and family, at West Huron.

Fifty men were drowned at South Porcupine, when they were driven into the lake by the dense clouds of smoke and rolling waves of fire. Two men were burned to death at a similar fate at the United Porcupine mine.

Three towns have been wiped off the map and hundreds of refugees are facing starvation.

A train containing 600 women and children was rushed out of Coburn this morning for the south as the result of a forest fire in the vicinity of the town of 1500 inhabitants was seen a mile of fire and is entirely destroyed. South Porcupine and Porterville are charred ruins.

Golden City was surrounded by flames for hours and is still in danger, although the fire with the burning Port of Tishia has been wiped out, the fire only being controlled by dynamiting a dozen houses in the middle of the town.

Two men were burned to death at a similar fate at the United Porcupine mine. The flames swept down on South Porcupine and Porterville and the fire was extinguished. The flames swept down on South Porcupine and Porterville and the fire was extinguished.

Gasoline tanks, rowboats and even hastily improvised rafts were utilized to get the refugees, many of whom were women and children, across the lake to Golden City. There, all the survivors of the fire in the north are at present fighting back the fire, which is reaching the outskirts of that place. There are a few days' provisions left in Golden City. The lumbermen employed by the Ontario government's new railway line from Golden City, reaching the city after a desperate fight with the flames in which many were badly hurt. They lost everything but the clothing they wore. The town of Kelen was destroyed after a fight lasting since Sunday.

KING AND QUEEN PLEASED WITH THEIR RECEPTION

Kingston, Ireland, July 12.—King George and Queen Mary concluded their visit to Ireland today and with the Prince of Wales and Princess Mary sailed on the royal yacht Victoria and Albert for Holyhead, Wales. The investors of the Prince of Wales will take place in Carnarvon Castle tomorrow.

Dublin gave their Majesties a memorable send-off. As they passed through the streets there were frequent cries from the crowd of "Come back soon."

The King in a message to the people says: "I cannot leave Ireland without at once giving expression to the feelings of joy and affection inspired by the wonderful reception, which the people of Dublin have given the Queen and King."

The King declares that the spontaneous and universal loyalty has greatly touched their hearts and will never be forgotten. He promises to pay another visit at no distant date and will then visit other parts of the country.

His Majesty concludes: "Our best wishes will ever be for the increased prosperity for your ancient capital, and the contentment and happiness for our Irish people."

Swat the Flies

This is a constant source of danger and infection—their presence is a stench for you to kill them, and yet do so without damaging the articles in which the flies may settle.

This can be accomplished with one "King Fly Catcher." It is made with a smooth wooden handle and a wire "Swat" thus killing without crushing—they retain at two for

25c

Blowey-Henry Co's

Jasper Ave. E.

Let us show you a plan of

ALEXANDRA PARK

THREE years ago we sold lots three miles north of Jasper Avenue adjoining the city limits for \$75 each. Today these lots are worth at least \$200 each, some have sold for \$250 and up.

The same will come true of ALEXANDRA PARK three miles south of Jasper Avenue or one mile south of White Avenue (or the car line) Strathcona, adjoining the city limits. ALEXANDRA PARK adjoins the Looking Lake Trail, the probable car line route to that famous summer resort.

We will sell only 60 of these lots at \$75 each, one third cash, balance in 6, 12, 18 and 24 months—without interest.

That these lots will at least double in value before you have paid for them in full is a conservative estimate. Guaranteed high and dry.

Consider the Price \$75

STRIP BOULLON OF HIS AUTHORITY

Majority of Commissioners
Remove Him From Civic
Committees.

Though free from the spectacular displays of violence which marked the meeting of the commissioners on Monday, yesterday's meeting was nevertheless characterized by acts which displayed more determined hostility to Commissioner Bouillon than was expressed by the mayor in the unparliamentary language used at the previous meeting.

Commissioner Bouillon will not be allowed to use any special knowledge he may have for the solution of the present problem at the waterworks. On the motion of Commissioner Candy his name was struck from the list of those on the permanent committee appointed to deal with this problem. Commissioner Candy accepted the vacant position.

Commissioner Bouillon will not be allowed to use any special knowledge he may have in locating and planning a plant which will provide an adequate water supply for the future of Edmonton. On the motion of Commissioner Agry the motion appointing him member of the committee dealing with this problem was rejected. The new commissioners will supply his place on the committee.

The system of centralized accounting established by the commissioners last year with the approval of the council was after a discussion occupying less than thirty minutes, abolished, and the discarded system of departmental accounting re-established.

Asks for Rules of Order.
The first matter to be dealt with was a communication from Commissioner Bouillon suggesting that rules of order be established to "restrain" in the board some degree of dignity and to preserve members from the indignities of insults and abuse. The letter was filed without comment.

The following communication from the utilities commissioner was then read, and was immediately followed by the motions depriving him of all power to deal with the water problem, and in effect depriving him of authority over this department.

Letter from Commissioner.
"I, referring to the subject of water supply from the present plant for the time being and until a new, adequate, efficient and sanitary plant can be designed and constructed, I beg to submit the following recommendations and I request your prompt action thereon, viz:

(a) That as a temporary expedient the operation of the filtration plant be transferred from the present permanent superintendent of waterworks to the superintendent of the power plant.

(b) That I be given for the time being full command of the water supply and of the power plant, in order that with proper authority I shall be in a position to compel the requisite co-ordinative operation and to attain and maintain the proper degree of efficiency.

(c) That the city engineer be instructed to design at once with my co-operation a basin for use temporarily for additional sedimentation in conjunction with the present basin No. 1, and as long as the present water supply plant is in use, and that as soon as the city engineer's estimate of the cost can be submitted, the council of the city council to the requisite expenditure be obtained in advance of the next annual estimates. This basin can be so designed and located that after its usefulness in past for water supply purposes, it would be of permanent use as a pond and serve also as a clear water reserve for the power plant. The present basin need not be repaired for effective use as part of the water supply plant, but can be of use as it is later as an effective cooling basin for the power plant.

(d) That the same course of action as above be followed with respect to two additional filter tanks similar to those in use, but improved in design to meet our requirements.

Result of Council Study.
"In conclusion, I wish to state that the above recommendations are the result of careful study of the subject since last fall, and those matters have no connection with the more permanent water supply of the city for the future, which is quite another problem, as previously explained, and which is requiring attention. Our public utility, but presumably the water supply, constitute a trust, and I feel that unless something is done along the above recommendations without further delay, and the question which have interfered with the proper conduct of those utilities during the past half-year, are completely submerged and our attention and efforts are henceforth devoted to the permanent issue of the public utility, we will certainly be causing disaster. This general subject is a most serious one, and I trust that the same will receive your attention and action in the proper light and spirit. Respectfully,

(Signed) "A. V. BOULLON, "Commissioner."

Wants Accompanying Change.

A communication was then read from the city auditor, requesting that the commissioners finally determine what system of accounting is to be used. Mr. Richardson pointed out that, owing to the action taken in March, when at the request of the

majority be submitted to the council a report on the system in use, there was some doubt in the minds of heads of departments whether it was intended to retain or discard the present system. The result was confusion, which if allowed to continue would delay the completion of the audit at the end of the financial year.

Auditor Richardson and Secretary-Treasurer Crosskill were called to a conference on this subject. Mr. Richardson stated that he was anxious only that a decision should be reached and the superintendents instructed so that unnecessary delay and confusion might be avoided. In reply to a question from Mayor Armstrong he said, "I do not urge the adoption of the departmental system; merely state that I think it the better system."

Commissioner Candy presented a motion to abolish the system of centralized accounting and to return to the discarded departmental system. The motion was carried.

Thought Action ill-Advised.
Commissioner Hutchins was absent from the meeting, but Commissioner Bouillon presented against this action and insisted that his vote be recorded. While he had no objection in respect for the opinion of the auditor and secretary-treasurer, he said, he thought this action ill-Advised. The new system had not been adopted hastily and was adopted for the purpose of dealing with the very unsatisfactory condition of things which prevailed under the old system. He thought the board of commissioners might at least be constant for twelve months. He protested against an action taken after less than thirty minutes' discussion and initiated by commissioners who certainly had not the opportunity to form an opinion of the two systems.

Will Prevent Street Meetings.
That socialist or any other speaker have no right to use the public streets for the purpose of holding meetings was the opinion expressed by City Solicitor Brown in a report submitted at the request of the commissioners. The report was given to the chief of police for his information.

The action of the board of health in issuing an order calling for the exclusion of all persons under 16 years of age from motion picture theatres and other places of amusement, was approved.

The salaries of employees in the fire department were increased in accordance with the schedule submitted by Chief Lauder several weeks ago.

A REVOLUTION IS THREATENED

Rumors of Discontent From Outlying Provinces—President Gomez Case—The Government Refuses to Take Rumors Seriously.

Havana, July 12.—Rumors of discontent in the provinces during the last few days are growing into revolutionary talk today. Sugar men and others arriving at Havana bring tales of general dissatisfaction among the Rural Guard, especially in Pinar del Rio and Artemisa provinces, and events indicate a careful underground organization.

The government refuses to take the rumors seriously, but many who profess to know say there is great uneasiness at the palace. The unrest is believed to be caused by the publication in the Havana newspapers two weeks ago of the personal accumulations of President Gomez and the wide discussion thereof by the local press. It was announced then that the president had purchased lots at the corner of Prado and Colon streets for \$125,000, and would erect a mansion covering fully half a city block. The articles pointed out that Senator Gomez took the presidency with no assets except \$89,000 debts, and as his salary for the two years of the incumbency is only \$25,000 a year, the anti-administration papers commented sarcastically on the economical affairs of the president.

The provinces of Pinar del Rio and Oriente are at opposite ends of the island, and rumors from both are taken to indicate that the dissatisfaction is general. The president, in a statement, giving an inventory of his private life, which shows it to be of only moderate dimensions, required prior to his assuming office.

SERIOUS ACCIDENT OCCURS AT RED DEER

Special to the Bulletin.
Red Deer, July 12.—The beautiful weather and the celebration here today was marred by a serious accident which occurred on Gustav avenue this morning. The car of Mrs. John A. Grant and Mrs. Pennington, both of whom are in Red Deer.

The cause was a heavily loaded team belonging to Mr. Trimble of Pine Lake, which ran down Main street and before it could stop anything of the runaway it was on down and they were both knocked down. Mrs. Pennington being slightly injured, was able to be taken home.

Mrs. Grant was very seriously hurt and received extensive wounds on the head and had to be taken to the hospital. The team ran into a telephone pole and injured themselves. They were then stopped.

Much regret is felt over the accident and it is hoped that both ladies, who are well known residents, may not be dangerously injured.

GATEWAY HEIGHTS

ATHABASCA LANDING

"Where Rail and Water Meet"

EVER SINCE THE FUR TRADE HAS BEEN A FACTOR IN THE WEST

Athabasca Landing has been in the foreground. In a few days steel will be laid and the iron horse will land thousands of settlers at the Landing. Then lots will soar—Lots that we now sell for \$125 will be worth \$500.

Factories, Shipping, Fishing, Lumbering, Warehouses

1500 inhabitants, Terminus of C.N.R. for two roads. 3000 miles of navigable water. In the heart of Alberta's best farming district. Natural gas, bar sands and asphalt.

Cheap power assures industries and the assembling of implements and machinery for the Athabasca Landing, Grand Prairie and Peace River all are tributary to the Landing and will be for all time to come.

Water transportation solves the problem of cheap freight. Thousands of men will be employed and it's time you owned a lot. For an investment nothing as good is offered at the price.

Everything that is required to warrant a city of activities such as Pittsburg or Chicago and a far better climate.
